
EDUCATION

University of New South Wales, Sydney, AUAugust 2023 – *Present*

- Bachelor of Science (Computer Science)

Podar International School, Mumbai, IN

March 2021 – February 2023

- Cambridge Advanced/Advanced-Subsidiary Level Examinations

EXPERIENCE

UNSW School of Computer Science and EngineeringSep 2025 – *Present*

- Casual Academic for COMP1531 – Software Engineering Fundamentals

Front-End Intern, TikTok

Feb 2025 – May 2025

- Developed internal micro-frontend based tooling to streamline development workflows for the TikTok LIVE team
- Participated in code reviews, debugging, and testing to ensure high-quality, efficient, and maintainable code
- Hands-on experience working with monorepos, PPE environments, and internal build tools to support a fast-paced development workflow

UI/UX Designer, DevSoc, UNSW

Feb 2024 – Dec 2024

- DevSoc is a UNSW Student Society that builds websites to help students manage university terms and courses
- Created dynamic prototypes in Figma and design mockups including wireframes and hi-fi prototypes
- Helped maintain the UI component library for DevSoc projects to streamline the development process

PROJECTS

Quarry

December 2025

Centralized app launcher, clipboard manager, calculator, file searcher, color picker, currency converter, AI interface, shortcut manager, rofi replacement, dictionary for Linux.

- Svelte, Tauri
- Extensible, regex-based command-routing system driven by a user-editable TOML config, custom search providers and shortcuts without modifying code with sane defaults
- System tray integration + global hotkey toggle via a companion Rust binary communicating with the main process for instant show/hide
- Reproducible Nix dev environments, alongside a CI pipeline via GitHub Actions for consistent builds targeting multiple Linux Distributions

Automation of Fetal Myocardial Index Calculations

January 2026

Automated DICOM-based MIC calculation web app

- Python, ReactJS

Meditator

December 2024

Meditation tracker that helps gamify the habit

- Dart, Flutter, Material Design

Alt-Click to Copy

March 2024

Plugin for ObsidianMD to quick-copy code to the clipboard

- TypeScript

SKILLS

Skills

Web Development, Machine Learning, Computer Vision, Graphic Design, Technical Writing, Figma, GNU/Linux

Frameworks

JavaScript, ReactJS, Svelte, NextJS, Python, OpenCV, PyTorch, C, C++, Rust, Java, LaTeX, Typst, Bash, Dart, VimScript
